## FEATURED WHISKEY OF THE MONTH

Barrell Craft Whiskey Infinite Barrel Project | KY | 119° 16

*The Infinite Barrel Project is a whiskey geek's infinity bottle on a larger scale. According to Barrell Craft Spirits, "The intent is to create an ever-changing whiskey blended from barrels of mature whisk(e)y. We began by selecting barrels for their flavor contribution and complexity and blending them in a larger single, or 'Infinite' vessel. At each bottling, we'll remove a portion of that whiskey and replace it with other barrels that will complement the remaining blend. We'll then repeat the process - bottling a portion and adding newly selected whiskeys each time."*
